PROPOSED QUESTIONS FOR THE 18 NOVEMBER 1977
DIRECTOR'S LUNCHEON WITH OIA PERSONNEL

Communications

1. Some analysts have noticed a decrease in the amount of information that is reaching them, information of the kind that used to be passed on in staff meetings. Will "something" replace the staff meetings whereby information will be made available to analysts and support personnel?
2. Late afternoon meetings with the Director sometimes deploy the carpools of those people attending the meetings. Is it possible to arrange more convenient times for "non-crisis" meetings?

It's a shame that all the people that

bathrooms. It's not doing our image a
bit of good. Last week Linda had a
comment from the GSB Rep. Att. who
